FOR STOMACH SUFFERERS.

Don't Use Any Remedy That Keeps Its Formula a Secret.

People troubled with stomach weakness cannot afford to use a medicine unless they know what it contains.

Mi-o-na is the only remedy for stomach troubles that publishes its formula; chemically pure bismuth subgallate, to allay any inflammation of the stomach and bowels; cerium oxalate, to strengthen the stomach nerves; sodium bicarbonate, to neutralize the poisonous acids that are present in stomach troubles; and mix vitamins, which restores vigor to the digestive organs and tones up the whole nervous system.

This combination of valuable remedies is found only in Mi-o-na stomach tablets, and it so rarely fails to strengthen the digestive system, and cure even the worst form of stomach trouble, that Frank Kimball, Noyes Drug Store, sells the remedy under guarantee to refund the money unless it gives relief.

A 50c box of Mi-o-na will give quick relief for indigestion, distress after eating, sleeplessness, or any of the other symptoms of stomach troubles. Unless it does this, the cost is nothing.

Have One Doctor

No sense in running from one doctor to another. Select the best one, then stand by him. Do not delay, but consult him in time when you are sick. Ask his opinion of Ayer's Cherry Pectoral for coughs and colds. Then use it or not, just as he says.

Always keep a box of Ayer's Pills in the house. Just one pill at bedtime, now and then, will ward off many an attack of biliousness, indigestion, sick headache. How many years has your doctor known these pills? Ask him all about them.

Made by the J. C. Ayer Co., Lowell, Mass.

OXFORD.

Rowe-Lord.

On Saturday, March 2d, at the home of Frank William Lord occurred the marriage of his daughter, Ina Blanche Lord, to Dr. Carleton Allen Rowe. The wedding was essentially a home affair, there being very few friends present outside the family circle. Rev. Mr. Newell was the officiating clergyman. The single ring service was used. The bride was gowned in pearl gray and the wedding dress was of red broad cloth. The parlor was decorated with pink and white varide carried a bunch of bride's roses.

After the wedding ceremony a dainty lunch of Jones' celebrated ice cream, cake and fruit punch was served. Mr. Lord presented to his daughter a set of dishes and sideboard, while her aunt, Lizzie Lord, gave her a set of dining chairs and table. The greater portion of the presents were not visible as they had only been taken to the station. The bride and groom did not seem to be in harmony with the occasion. The bride's little brother, Philip, who was unmercifully and did not like the idea of his sister's marriage.

The bride couple took the 4.48 express train for Portland, and to say that their friends stood close to them would be putting it mild. They literally pulled them with confetti, rice and old shoes from the village to the station, and it must have been a relief to the happy pair when the wedding train started. The bride's baggage had been sent to the station the night before, or in the early morning, to avoid if possible the senseless plauding of their friends. But some smart Alex had placed large hearts cut from white pastboard on the trunks bearing such inscriptions as "We are just married" and "We are so happy."

Rowe and wife will be at home to any of their friends after April 1st at Corner Edge Hill and Huntington Roads, East Milton, Mass.

On the afternoon of Feb. 22, the T. A. Roberts Post, G. A. R. accompanied the Relief Corps on a visit to our High school. At about one o'clock they were met, together with Supt. Newport.

Regular classes were heard until the recess. Then the first and second year classes read compositions, following flag salute, and Miss Jennie Lebroke recited a poem entitled "Tis Sweet to be Remembered So Long." At this point we were all surprised by the introduction of four beautiful pictures, three of which were the paintings of the Little head of Washington, which, by the artist, in behalf of the National Relief Corps of Maine, and T. A. Roberts Post presented. She also presented a fine silk flag. Her address was very interesting both in subject matter and presentation.

"That was no reason for fighting, you should have run away from him." "A soft answer turneth away wrath," and given him a soft answer. "I did," gleefully exclaimed Johnny. Desperate from Liquor.

On the 27th ult., Constable F. A. Packard was called by telephone to J. P. Skillings' mill to arrest a fellow, made desperate with liquor. At the boarding house he had intimidated the household in addition to some of the immediate neighbors, driving them about, and was reigning supreme when Constable Packard arrived. He immediately overpowered the fellow, who gave him name as Fred Stillman from Mexico.

He took him to the lock-up but not until after he made one desperate attempt to clear the officer but was caught and handcuffed and landed in the lock-up. Justice Albert Bennett of Gilead was called the next morning to administer justice, which he did with fine and costs amounting to thirteen dollars for drunken disturbance.

Monday morning the voters began to assemble at the Opera house early and when business began there was a large crowd on hand. Not only were the men present in large numbers but in the balcony were over 100 ladies who were out to witness the proceedings. It was understood before hand that the ladies would attend but all were surprised to see such a large number. No doubt their presence had much to do with the quietness and business-like way in which the affairs were carried along. It was a little hard for the men to abstain entirely from the time honored custom of making the air blue with the fumes of the much used weed, but only a few forgot the presence of the ladies.

The meeting was called to order by Clerk Geo. L. Curtis, fifteen voters were cast for Moderator and A. S. Kimball was unanimously elected, who took the oath and proceeded with the business of the day. But two votes were cast for Town Clerk both being for Geo. L. Curtis.

Every one present knew that there would be rather a warm contest over the member of the school committee to vote for the men to abstain entirely from the time honored custom of making the air blue with the fumes of the much used weed, but only a few forgot the presence of the ladies.

The ticket of those who termed themselves the "Citizens" and "Independents" were both alike except for this one official.

When article 3 which called for the choosing selectmen, treasurer, assessors, member of school committee, trustees of public library, constables, and other town officers was taken up, A. J. Stearns made the motion that all of the above named be voted for together except member of school committee, the latter to be voted for separately.

M. L. Kimball objected and when put to the test 62 were in favor of Mr. Kimball's motion and 95 for Mr. Kimball's. Stearns then proceeded to vote the entire ticket and a large number of eager voters rushed for the ballot box. It was voted to use the check list and it was about two hours before the voting was over and the result announced. Votes were cast as follows:

Selection:
D. S. Sanborn.....513
H. Arthur Robbins.....540
Harry F. Greenleaf.....540
Town Treasurer:
E. C. Winslow.....543
Town Agent:
Jesse P. Allard.....544
Member school committee:
George E. Tabbs.....295
S. H. Millett.....260
Trust officer:
Geo. W. Locke.....545
Library Trustees:
M. L. Kimball.....545
Bial F. Bradbury.....546
Constables:
C. F. Roobar.....544
F. P. Towne.....545
E. C. Walker.....546
F. E. DeCoster.....547
G. A. Cole.....548
E. G. Gammon.....549
G. A. Morse.....550
W. W. Twombly.....551
W. A. Bicknell.....552

It was voted to pass over the portion of article three calling for election of tax collector until article six, which was to see what rate the town would vote to pay the tax collector.

The Road Commissioners' vote:
George W. Wood.....43
Charles Freeman.....45
Frank P. Towne.....45

Voted to pay road commissioners \$1.75 per day for their services, the same as last year. Article six was then taken up and bids received for collecting taxes. F. E. DeCoster and W. A. Bicknell each presented bids offering to collect for one and one-half cents. There were three hundred and forty six votes were cast, 174 for DeCoster and 172 for Bicknell.

There was very little discussion over the matter of raising the various appropriations except on school matters, and in this there were one or two who tried to show how money was being wasted. This discussion was rather spirited but of short duration. It seemed by the talk that the literature previously distributed with which the voters were familiar but after an explanation of Charles P. Barnes there didn't seem to remain much doubt in the minds of the people but what the matter had been attended to to their satisfaction.

Article 20, to see what sum of money the town would raise for instruction in music and drawing was at first motioned to be passed over but this motion was doubted and when put to vote was lost, and it was finally voted to raise \$500.

Voted to instruct the assessors to continue the same valuation on the business of B. F. Spinney & Co. as has prevailed in the past, for such length of time as the firm may continue in business here.

Voted to allow the heirs of the late Samuel Frost such taxes as may be assessed on the property of his estate if they shall keep the road leading from the house of the heirs by the house of Mason F. Frost in a suitable condition of repair for the ensuing year.

Taxes shall become due and payable to the collector Nov. 15. Voted to charge six per cent. Interest on all taxes that remain unpaid Jan. 1, 1908.

TIRED AND SICK YET MUST WORK

"Man may work from sun to sun but woman's work is never done."

In order to keep the home neat and pretty, the children well dressed and tidy, women overwork and often suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

For a long time I suffered from Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, comes as a blessing. When the spirits are depressed, the head and back aches, there are dragging-down pains, nervousness, sleeplessness, and reluctance to go anywhere, these are only symptoms which unless heeded, are soon followed by the worst forms of Female Complaints.

Lydia E. Pinkham's Vegetable Compound

keeps the feminine organism in a strong and healthy condition. It cures Inflammation, Ulceration, displacements, and organic troubles. In preparing for child-birth and to carry women safely through the Change of Life it is most efficient.

Mrs. Augustus Lyon, of East Earl, Pa., writes:—Dear Mrs. Pinkham:—For a long time I suffered from female troubles and had all kinds of aches and pains in the lower part of back and sides. I could not sleep and had no appetite. Since taking Lydia E. Pinkham's Vegetable Compound and following the advice which you gave me I feel like a new woman and I cannot praise your medicine too highly."

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case. Her advice is free and always helpful.

Mr. Bird vs. Mr. Fox.

Will Bird, one of our hunters, had great luck one night this week. He went out to his fox camp to watch for foxes. He did not have to wait long before one came and was shot and taken into the camp, and soon the second one appeared upon the bait, when another shot brought Reynard down. Young Bird thought as the fox lay perfectly still he would let him be and see if it would come and after waiting patiently a few minutes he was surprised to see Mr. Fox take to his heel over the knoll. Bird started in hot pursuit but only went a few rods when he found him laid out. Bird picked him up and returned to the camp to wait as before for more game, which soon proved that a patient waiter is not the loser as a rule. Soon the third fox came to the bait. Bird took good aim and pulled only to find his repeater did not work correctly and had failed to throw a full shell in the barrel, and thus he only scared the fox. Then Bird thought he would return to the house to report, being gone just 1 1/2 hours.

He left his game on the piazza until he could warm himself, then returned to the door to show the rest of the family his game. When he opened the door his last capture made up his mind to not give up his hide without one more effort, so he took to his feet and left. Then Will grabbed an old broom and gave chase and after running some 30 rods the fox went to make a dodge around the post of the mail box, but the Bird made a dive and took him by the tail and beat him over the head with the broom handle until he finished him.

Who can say that the man who had to take the place of the woman, and resort to the use of the broom stick.
